

**JOINT BASE SAN ANTONIO SUSTAINABLE ENERGY WORKSHOP**  
Pearl Stable, San Antonio, Texas July 12, 2011

**JOE HALTAMAN**

Mr Joseph Haltaman is the current Randolph Air Force Base Energy Program Manager. Mr Haltaman is a graduate of the University of Tennessee with a degree in Mechanical Engineering. Mr Haltaman is a Registered Alaska Professional Engineer. Mr Haltaman began his career as a facility engineer with the Defense Reutilization and Marketing Service in Battle Creek Michigan where he was responsible for creating and funding minor construction projects at various military bases. He then joined the Army Corps of Engineers, Mechanical Design Team at Elmendorf, AFB, Alaska where he designed mechanical systems for various projects from Large Deployment Facilities, to Dormitories, Administrative Offices, Dining Facilities, and Military Working Dog Facilities to name some. He joined the Army Corps of Engineers Construction Support Team in San Antonio as the BRAC program was expanding and provided technical support on many of the Fort Sam Houston projects. He joined the Air Force Civil Engineering Team as the Base Energy Manager in April, 2011.
