

JOINT BASE SAN ANTONIO SUSTAINABLE ENERGY WORKSHOP
Pearl Stable, San Antonio, Texas July 12, 2011

PAULA E. MILES, P.E., MPA

Paula Miles is the Director of Energy Research and Technology Initiatives for CPS Energy. In this role, she is accountable for identifying, assessing, piloting and transferring “game-changing” innovations and technologies that will enable the long-term success of a sustainable energy enterprise and support the acceleration of sustainability initiatives in the communities that CPS Energy serves. Examples of program areas include work on one of the largest solar photovoltaic installation in Texas, assessing the components for “zero peak” residential buildings, assessment of home energy management systems, and efforts to hasten the market readiness of heavy-duty plug-in hybrid electric vehicles and equipment.

She has also served in a number of leadership roles including director of gas operations, vice president of gas systems, vice president of retail energy and vice president of human resources.
